CONFIDENTIAL

Mr. John Bungitak  
General Manager  
National Environmental Protection Authority

Dear Mr. Bungitak:

In planning our audit of the financial statements of the National Environmental Protection Authority Fund (EPA) as of and for the year ended September 30, 2005, on which we have issued our report dated February 13, 2007, we developed the following recommendations concerning certain matters related to EPA's internal control. Our principal recommendations are summarized below:

Expenditures

One journal entry (GJ05-57) was recorded as an other expense totaling \$225.12 that relates to payment of 2004 withholding taxes for the Biosafety Project. Additionally, a total of \$1,019.50 was recorded as expenditures of the prior year but supporting invoices were not available. We recommend that management ensure that expenditures are recorded in the correct accounting period and that invoices are maintained and filed.

Revenues

Of eight revenue items tested, invoice# 024-05 indicated that the billing related to services performed in August 2004. We recommend that management ensure that revenues are recorded in the period earned.
